Hello Everyone,

Another great meeting with Chris Krammer in the spotlight. If you had any questions on how that Porter-Cable unit worked, he answered it. Now if Chris can teach me how to use my Incra-Jig, I’ll be set.

There are a number of members I feel I need to thank. First is Carl Brust and Jerry Tackes, for taking the time to go to IKEA and picking up all those lamps for us. Carl was right, one is not enough! Next is Kevin Seigworth, he really stepped up and helped with the selling of the WWG tee shirts. Kevin told me we sold six. I would also like to thank the members that bought a tee shirt, that put an extra $90.00 in the Guild’s account. And finally to the members that bring extra items for us to add to our raffle table, every little bit helps. So THANK YOU, to all who help, it all helps us to be a better Guild.

On a different note, a lady out of West Bend is taking a oak tree down on her property and wants to know if anyone would want it. Talk to me at the next meeting or e-mail me and I’ll give you the information.

Don’t forget Show & Tell.

Work safe and share your hobby.   Ronald Reuter

---

Substitute Librarian Wanted

Occasionally during the year, I am unable to attend a Guild meeting. I am looking for a member willing to staff the library in my absence. Duties would include:

1. Opening the library cabinets before the start of the meeting
2. Putting out the Returns box
3. Checking out new materials to members
4. Placing the Returns box with the returned materials in a cabinet
5. Locking up the cabinets

I would be happy to show a potential volunteer how to accomplish these simple tasks at an upcoming meeting or set up an off meeting time to go to Woodcraft. Please contact me to discuss further at 262-827-0495.

Thank you.
Pat Kashmerick, Librarian

Location: 14115 W Greenfield Ave, New Berlin
WWG Programs  Workshops

June Guild Meeting will be held on June 6th. The speaker is Jason Swanson of Jason Swanson Hardwoods who will talk to us about how to select the right wood.

Jason, AKA the Peppermill Guy, works at Kettle Moraine Hardwoods in Caledonia. Jason has displayed his work at many juried craft shows and at upscale shops. He is a self taught woodworker and teaches others at guilds and retail outlets including the John C. Campbell school in Brasstown NC. Jason does turning and flat wood art work. Jason has been affiliated with several woodworking guilds around the country including the Wisconsin Woodworkers Guild.

July Guild Meeting will be held on July 11, 2013 because the regular meeting date is on the holiday July 4th. We will meet on the 11th instead. The July meeting is the annual Show N’ Tell when member bring their projects and tell about how they were made, including problems encountered and how they were solved. We want to see any jigs and fixtures you made to help you with your projects. Sign up at the June meeting or just bring your project.

For Sale Ad

I am trying to get rid of some of the planes I use very little, or are extras in my collection. I would say that none of these are 'collector' planes, but very serviceable 'user' planes. They are all good tools.

For Sale:
1. Lee Valley low angle Jointer, barely used, $220 (won in a raffle, it's very nice)
2. Stanley #8 Jointer: $85
3. Stanley #6: $90
4. Stanley #4 1/2 smoother, needs some work on the sole, has a HOCK blade: $100
5. Stanley Bedrock #604 1/2, round sides, small chip out of casting (does not affect performance): $90

Please email me at camegal@yahoo.com or call me (in the evenings, please) if you are interested in any of these.

- Corey Megal
